**(Los Angeles, CA – August 10, 2018)** Los Angeles based multi-platinum selling Producers & DJ’s, Captain Cuts and Zookëper have teamed up with superstar songwriter and artist Georgia Ku, to craft a perfect summer house anthem in *Do You Think About Me*. The song is out now (August 10) on Epic Records and on Syco Music in the UK.

Georgia Ku, who is credited with co-writing Martin Garrix’ hit single *Scared To Be Lonely*, delivers a perfect vocal performance that cuts through the track while still conveying the emotion in the lyric. Ku’s vocals pair seamlessly with the hard-hitting house production from Captain Cuts and Zookëper, who both managed to create the perfect melodic counterpoint to Ku’s soaring vocals and a drop that delivers a massive hit of energy with the perfect rolling bassline that fits in both clubs and festivals.
