The project revs up with ten bold bangers gassed by his gruff rhymes, gritty hooks, and unbreakable spirit. The opener “**Money On My Head Part 2**” cycles between vicious verses and an ominous chant threaded together by **FredRarrii**’s wild wordplay. Elsewhere, he joins forces with multiplatinum superstar **Da Baby** for the sticky and slick “**Wet Shit**,” culminating on a catchy chorus. **Bigga Rankin** pulls up on the title track and conclusion with a fitting final word from **FredRarrii** as well.

Check out the full tracklisting below.

Additionally, he uncovered the music video for the single “**Hellcat**” [feat. **Moneybagg Yo**]. The cinematic clip sees both rappers turn up with swagger and style at a frenetic pace. Watch it [HERE](#).

FredRarrii puts his foot on the gas and races towards super stardom with *Perfect Timing*.

Bars validate bravery. **FredRarrii**’s story might be the only thing that hits harder than his rhymes do. As a child, the Miami native dealt with family issues, shuffling in and out of the foster care system. He found

refuge in football, worshipping at the altar of the G.O.A.T. Tom Brady. However, the allure of the streets proved too strong. At 15, he made his way hustling before facing legal issues in a case of mistaken identity. After three years, he returned home from by the grace of God, charges dropped. A serendipitous encounter brought him under **YFN Lucci**'s wing in 2015. Two years later, **FredRarri** finally picked up a mic with **Lucci**'s encouragement. 2018 saw him make waves with the tough and tight debut mixtape, **Nightmare on 13th**. In the aftermath, a showcase for **Epic Records** locked a major label deal for him as he turned his sights towards **Perfect Timing** and, ultimately, hip-hop dominance. He's got quite the story to tell.
