Today, **Smallpools** announce their upcoming March/April tour with **GROUPLOVE** and **MS MR**, which will bring them back to Austin, TX which they visited for **Austin City Limits** as well as visits to Washington, DC, Atlanta, Arizona and New York for instance. This week the band plays three New York shows; two opening shows with **Twenty One Pilots** at Irving Plaza and will play a late Popshow headline show on Thursday at Santos Party House (info[HERE](#)).

Last month, the LA band made their national TV debut on **Jimmy Kimmel Live**, performing their single "**Dreaming**" which you can see [HERE](#). Their Los Angeles homecoming show at Troubadour on December 13th sold out in no-time. The foursome consist of Sean (vocals/keys), Mike (guitar), Joe (bass) and Beau (drums), the band will divide their time between the studio working on the full-length debut and live shows.

The release of their self-titled debut EP gained them critical acclaim. [Neon Gold](#) calls "**Mason Jar**" "a sepia splash of power-pop that crystallizes into a starscraping smash before the verse even kicks in, as stadium-sized [Of Monsters And Men](#) gang vocals ride high on the buoyant

flair of Smallpools' youthful, [Two Door](#)-esque ebullience." The indie pop band shared a "Dreaming" remix by **The Chainsmokers** [HERE](#). In addition [NYLON Magazine](#) premiered the **Charli XCX vs Twin Idol Remix** of "Dreaming". Check out more from their [Billboard](#) interview.

Their first single "**Dreaming**" was produced by **Captain Cuts** and instantly shot to #1 of Hype Machine within the first 3 days of its revealing. You can hear "**Dreaming**" [HERE](#). Smallpools explains his song by saying: *"In contrast to the upbeat vibe of the music, the song talks about a moment where everything goes wrong in a situation where you thought you had it all figured out. A moment we've all experienced to some degree, but most often if we're lucky, in a dream where we get to wake up in a sweat and say, "Phewf, ok, that wasn't real."*

"Smallpools' opening statement sounds like it was written to be one of alternative radio's songs of the summer, with its exuberant, helium-voiced Passion Pit vocal riffage; sparkling, hi-fi production; and young-and-invincible 'tude."

- Billboard

"Dreaming" is alt radio gold with extreme crossover potential, the kind of song that only comes along a few times a year, and rarely on a debut single." - Neon Gold

"Ladies and gentleman, your summer anthem has arrived." - Pigeons & Planes
