[New York - May 4, 2015] - Grammy Award winning recording artist **Miguel** has confirmed the title to his highly anticipated new studio album, **WILDHEART**, to be released this summer on ByStorm Entertainment/RCA Records. The album's first single **Coffee**, and its edgy, re-imagined alternate version, **Coffee (F***ing) ft. Wale**, were produced by Miguel and released today on all digital platforms. **WILDHEART** is the long awaited follow up to Miguel's 2012 critically acclaimed sophomore release, **KALEIDOSCOPE DREAM**, which spent 20 weeks on the Billboard 200 Album Chart.

Miguel:

Miguel first hit the mainstream in 2010 with the infectious first single 'All I Want Is You,' from his major label debut album of the same name, a song which blended a stark hip-hop beat with Miguel's creamy vocals to form a sound that was absent from the radio and established Miguel as one of the most unique and soulful voices in modern R&B. The album also features 'Sure Thing,' which hit #1 on Billboard's Hip-Hop/R&B chart and second US #1 'Quickie.' Miguel's follow up was his critically-acclaimed, four-time Grammy Award nominated, sophomore album 'Kaleidoscope Dream' (Sony Music Aust), which features his third US #1 hit single 'Adorn,' the intoxicating 'How Many Drinks?', 'Do You...' and 'The Thrill.' In 2013 Miguel was nominated for a total of 5 Grammy Awards. Lead single 'Adorn,' written and produced by Miguel, garnered Miguel his first Grammy Award for Best R&B Song and resided at

#1 on the R&B/Hip-Hip Airplay chart for more than 23 weeks becoming the longest running #1 in the history of the Billboard R&B/Hip-Hip Airplay chart.
