[New York – August 24, 2015] Welsh metal titans **Bullet for My Valentine** dominate the album charts once again, debuting at #1 on the *Billboard* Hard Rock Albums chart and #8 on the Top 200 Chart with **VENOM** (RCA Records). **VENOM** also debuted at #1 in Australia, #2 in Germany, #3 in the United Kingdom, and #4 in Canada on the album charts, besting or matching their previous album chart debuts spots internationally. **VENOM** is their third #1 Hard Rock Chart debut in the US and their fifth studio album.

Produced by Carl Bown and Colin Richardson (Slipknot, Machine Head, Trivium) **VENOM** has received critical praise across the board. *Revolver* proclaims Bullet for My Valentine "Britain's biggest heavy metal export since Iron Maiden... the group head back to their roots to spit fire...a very welcome return to the harder stuff..." *Kerrang* concurs "Venom has injected a whole new life into the British metal heroes." *Guitar World* raves: "With full throttle aggression and an onslaught of six-string mayhem, the disc more than lives up to its name," *Alternative Press* raves "one of the most solid offerings in the Bullet catalog" and *Yahoo! Music* continues "Venom pounds, roars, excites."
