

REBECCA & FIONA RELEASE SAYONARA (THE REMIXES) EP TODAY

Today, Swedish superstars, Rebecca & Fiona, will release *Sayonara (The Remixes) EP* on RCA Records. The EP follows the release of “Sayonara”—the first single off of their upcoming album, which serves as a witty dismissal to those who have doubted them in the past, particularly in regards to being successful female DJs/Producers in a male-dominated EDM world. The collection features four unique reworkings of the anthemic banger by Young Bombs, Uberjak’d, Salvatore Ganacci, and Speaker of the House. See full track listing below.

Sayonara (The Remixes) EP Tracklisting:

3. Sayonara (Salvatore Ganacci Remix)
4. Sayonara (Young Bombs Remix)

Rebecca Scheja and Fiona FitzPatrick met at a party in Stockholm in 2007 and were inseparable ever since. They connected on both a personal and a creative level allowing them to form a unique bond, which is unmistakable throughout the past five years together as Rebecca & Fiona. The duo established their musical career in the EDM world after the release of their first single, “Luminary Ones” in 2010, which landed them an opening slot for electro-pop sensation, Robyn, on her European tour. From there, they toured all over the world, playing esteemed festivals such as Electric Daisy Carnival, Beyond Wonderland, and Tomorrowland. They have also performed alongside some of the most celebrated artists in dance music like Tiesto, Kaskade, Steve Angello, and Axwell. The pair released their debut album, *I Love You, Man!*, in 2011 and won Swedish Grammis for Best Electronic Album in 2011 and in 2015, beating out Swedish House Mafia and Avicii with their second album *Beauty Is Pain*, which was released in 2014. Rebecca & Fiona are in the studio working on their new album, which is due out early next year. This will be the first album released on RCA Records since signing with the label earlier this year.
