Wolf Alice released their debut album entitled ***My Love Is Cool*** on **June 23rd** via **Dirty Hit/RCA Records**. The album racked up acclaim across the globe with NPR saying, "*Wolf Alice is a band (...) whose crunchy, decidedly rock-oriented reinvention is steadfastly unthreatened by a catchy pop melody, a sweet, thoughtful harmony or an earworm bridge and chorus.*" The band just wrapped up their U.S. Fall Tour, which included a stop at **Austin City Limits Festival** in October. Also, their U.S. single "Bros" ([VIDEO LINK](#)) impacted at Alternative Radio. Most recently, the London quartet performed "Bros" on ***The Late Late Show with James Corden***, which aired November 2nd. Additionally, the band's performance of "Bros", "Moaning Lisa Smile", and "Giant Peach" from their October Los Angeles show aired on ***Last Call with Carson Daly*** on October 27th. **Wolf Alice** was also named one of **Billboard Magazine**'s Artists to Watch in 2015, as well as one of **Rolling Stone**'s 10 New Artists You Need to Know in the October 2015 issue. Poised to return to the U.S. at the conclusion of their U.K. tour this winter, there seems to be no stopping this electrifying four piece.
