

FRANKIE RELEASES *NEW OBSESSION (THE REMIXES)* EP TODAY

(Los Angeles, CA)—Today, much buzzed about pop singer-songwriter, FRANKIE, releases the *New Obsession (The Remixes)* EP via RCA Records. The collection follows the release of FRANKIE's debut EP entitled *Dreamstate*, which features her popular viral smash hit “Problems Problems” and new single, “New Obsession”. The *New Obsession (The Remixes)* EP features six unique re-workings of FRANKIE's catchy hit by Lost Kings, RKCB, Peter Thomas, Viceroy, and Hector Fonseca & Eduardo Lujan. Viceroy's remix of “New Obsession” premiered yesterday by Jon Ali who said, “The Viceroy mix takes FRANKIE's vocals and chops, mashes and warps them around a tropical breeze, giving the song an even more hypnotic summer feel...It's an instant obsession at first listen.” (Click [HERE](#)). FRANKIE also recently premiered the music video for “New Obsession” on VEVO (Click [HERE](#)). The *New Obsession (The Remixes)* EP is now available at all digital retail providers. Hailing from Oakland, California, FRANKIE burst onto the scene last year with her track “Problems Problems”, in which Idolator called it a “head-bopping track” with a “catchy hook”. Billboard included her first single “New Obsession”, in their list of “20 Pop Songs You Need For Your Summer Playlist” calling it a “slick, wildly engaging highlight.” “New Obsession” was also included in Taylor Swift's “New Songs That Will Make Your Life More Awesome” playlist. With the recent release of her music video for “New

Obsession”, remix EP, and her first full-length album due out later this year, it is clear FRANKIE is looking towards a very exciting future.
