ANNOUNCES NORTH AMERICAN TOUR DATES
NEW ALBUM *ONLY THE LONELY* SET FOR RELEASE 9/16 ON DESCENDANT/RCA**

[New York, NY – August 15, 2016] Nashville-based indie pop/rock band **Colony House** premieres an outrageously smart and funny video for their new single “**You & I**” on [NOISEY.COM](#) who writes: “The video for You & I...descends into chaos, instant replay smacks, freeze frame moments, egos colliding, slapstick horseplay...musically the Tennessee boys work a bright brand of indie-pop that's entirely at odds with the physical angst manifested in this video. But it's this very juxtaposition that makes this video so amusing to watch.”

Talking about inspiration for the video, lead singer/guitarist/songwriter Caleb Chapman who co-directed the video with Ry Cox said, “One of the most popular questions me and Will get in interviews these days is, 'What's it like being in a band with your brother? The short answer we typically give is something like, 'It's great! There always seems to be disappointment in the eyes of the person asking the question. Perhaps they were expecting some war story on how the band teeters on the edge of extinction because of two brothers hostile relationship.” [CLICK HERE](#) to watch it now!
