[New York, NY – October 26, 2016] **A\$AP Mob** announces today the long-awaited second group album, *Cozy Tapes Vol 1: Friends-*, will be released digitally on **Monday, October 31<sup>st</sup>, via A\$AP Worldwide / Polo Grounds Music / RCA Records.** New songs off the album, “**Telephone Calls**” and “**Runner,**” will drop **Friday, October 28<sup>th</sup>.**

Last week Red Bull Studios in London debuted the new AWGE-produced short film *Money Man*, directed by A\$AP Rocky and Dexter Navy. The short film is sound-tracked by two new songs “**Money Man**” and “**Put That On My Set**” featuring **A\$AP Rocky, A\$AP Nast, Yung Lord and Skepta**, that will be on the Mob’s digital and physical releases.

The short film finds Rocky, Nast and Skepta in a darker parallel universe dealing with an abrasive reality, where the dichotomy of beauty and terror are interpolated fluidly. The film, shot in northwest London, also stars **Said Taghmaoui**, well known

for his role in the 1955 French film "**La Haine.**" Producing and directing the *Money Man* short is one of many new endeavors ventured upon by AWGE over the past year. Other recent announcements for the creative collective include projects with **MTV Labs, Guess, MIDNIGHT, VLONE and more.**

***Cozy Tapes Vol 1: Friends-*** is the blueprint laid out by one of the founding members of A\$AP Mob and the often-referred to spiritual guide, **A\$AP Yams**, who tragically passed in early 2015 and was known amongst his peers and beyond as one of the most respected and beloved members of the community. Earlier this year, A\$AP Mob members came together in NYC to commemorate his life at the **first annual sold-out Yams Day** show at **T5** and were joined by Yams' mother Tatianna Paulino, who spoke and gave her blessing. Throughout the summer of 2016, the A\$AP Mob track "**Yamborghini High**" featuring **A\$AP Rocky, A\$AP Ferg, A\$AP Twelvyy, A\$AP Nast, A\$AP Ant and Juicy J** became an anthem and the colorful camouflage video sky-rocketed the song, now with **over 38M views on YouTube** and **over 20M track streams on DSP**. The Mob performed the song in late July on **The Tonight Show starring Jimmy Fallon** and brought exciting live performances throughout the summer. Earlier this month, A\$AP Rocky announced a partnership between AWGE and MTV Labs and premiered another song off the album, "**Crazy Brazy**" featuring **A\$AP Rocky, A\$AP Twelvyy and Key!**, which now has over 1.5M streams between Apple, Spotify and YouTube.
