[New York, NY – October 31, 2016] After months of anticipation, **A\$AP Mob's** second studio album **Cozy Tapes Vol. 1: Friends-** is out now digitally via **A\$AP Worldwide / Polo Grounds Music / RCA Records!**

Cozy Tapes Vol 1: Friends- is the blueprint laid out by one of the founding members of A\$AP Mob and the often-referred to spiritual guide, **A\$AP Yams**, who tragically passed in early 2015 and was known amongst his peers and beyond as one of the most respected and beloved members of the community. Earlier this year, A\$AP Mob members came together in NYC to commemorate his life at the **first annual sold-out Yams Day** show at **T5** and were joined by Yams' mother Tatianna Paulino who spoke and gave her blessing.

Throughout the summer of 2016, the A\$AP Mob track "**Yamborghini High**" featuring **A\$AP Rocky, A\$AP Ferg, A\$AP Twelvyy, A\$AP Nast, A\$AP Ant and Juicy J** became an anthem and the colorful camouflage video sky-rocketed the song, now with **over 39M views on YouTube** and **over 20M track streams on DSP**. The Mob performed the song in late July on **The Tonight Show** starring **Jimmy Fallon** and brought exciting live performances throughout the summer. Earlier this month, A\$AP Rocky announced a partnership between **AWGE and MTV Labs** and premiered another song off the album, "**Crazy Brazy**" featuring **A\$AP Rocky, A\$AP Twelvyy and Key!**, which now has **over 1.5M streams between Apple, Spotify and YouTube**. On October 20th, **Red Bull Studios** in London debuted the new **AWGE**-produced short film **Money Man**, directed by **A\$AP Rocky and Dexter Navy**. The short film is sound-tracked by two songs from the album, "**Money Man**" and "**Put That On My Set**" featuring **A\$AP Rocky, A\$AP Nast, Young Lord and Skepta** - links to watch below.
