**About Weathers**

Weathers is Cameron Boyer, guitarist Cameron Olsen, bassist Brennen Bates, and drummer Cole Carson. Having gone through some challenging events over the past two years, Boyer wanted to process his struggles through songwriting. He felt compelled to make feel-good songs about self-value, self-discovery, and about being betrayed and moving on. When Boyer and Olsen began writing new songs in January 2017, what emerged was “this messy, glitchy sound,” Boyer says, adding that a 1958 Silvertone guitar bought from a garage sale is played on nearly every song, and gave the music what the album’s producer Tim Pagnotta (WALK THE MOON, Neon Trees) called a “ratty, acoustic” feel. With their new sound, showcases at Baby’s All Right in Brooklyn and The Troubadour in LA, and a forthcoming album, Weathers is a force to be reckoned with.
