[New York, NY – November 15, 2018] Today, artist/musician/producer **Leikeli47** releases her sophomore LP ***Acrylic*** via **Hardcover/RCA Records**. Co-produced by 47 and her left-hand partners in music Mike Barney, Dave Hamelin, Harold Lilly, Gavin Maestro and Stuart White, the album was released in 3 parts chronicling the beloved ritual of getting your nails done. ***Pick a Color*** followed by ***Design*** and now finally ***Acrylic***, a true representation of the breadth of 47s realized potential – a deliberate choice to expand her world of sound and showcase her true ambition. Of the album 47 says, "***Acrylic*** is a hard substance and I feel this is one of my harder records to date. It speaks to how hard times don't break you, they make you. We have this saying that when you smell acrylic, you know just where you are."
