### About Khalid:

Multi-platinum selling global superstar Khalid has catapulted into massive worldwide success since he released his first single “Location” right before his high school graduation. The album, which garnered Khalid 5 Grammy nominations (along with numerous American Music Award, Billboard Music Award, BET Award, VMA Award, Teen Choice Award, Billboard nominations) received mass critical acclaim with *Rolling Stone* calling Khalid a “pop prodigy” and *TIME Magazine* stating, “His thoughtful, relatable reflections on modern youth culture and the limitations of love are just as pitch-perfect as his soulful, measured delivery.” *American Teen* shattered expectations, as it stayed in the Top 200 for 51 weeks, peaked at #4, and stayed in the Top 20 for 48 out of the 51 weeks it was in the Top 200. The singer-songwriter has won a Billboard Music Award, a Teen Choice Award, a MTV Video Music Awards, an MTV’s Woodie To Watch Award, most recently an American Music Award, and has over one billion
