Winnetka Bowling League's EP *Cloudy With a Chance of Sun* Out Now on RCA Records

(Ebru Yildiz)

Today, **Winnetka Bowling League** release their highly anticipated second EP, ***Cloudy With A Chance Of Sun*** via **RCA**. Listen to it [HERE](#).

Praise For Winnetka Bowling League:

"Los Angeles' Winnetka Bowling League makes music that sounds as good on indie rock playlists as it would on alternative radio. There's a little MGMT in the sound of "Slow Dances," from the hooky synth lead to a chorus that leaps out of the speakers. Winnetka Bowling League

*are a band that's easy to imagine finding big audiences, and "Slow Dances" might be the song to get them there." - **Uproxx***

*"Tied with a creamy fill, "Slow Dances" is a sparkling emo jangle that tugs at the heart with a happy-go-lucky hand. Winnetka Bowling League quip of heartache but relish the past for an enjoyable pop single." - **Girl Underground Music***

*"["On The 5" is] a classic beach pop nudged out of retro stasis by subtle production flourishes ... not to mention catchy as a sea breeze." - **Buzzbands.LA***

*"["On The 5" is] an undeniably anthemic pop song about the thoroughfare connecting Southern California and our less fortunate citizens to the north... An L.A. song through and through, it certainly sounds like a hit." - **The Los Angeles Times***

CHECK OUT THE "[MAKING OF KOMBUCHA](#)" VIDEO

Definitely the first time you've heard "non fat" rhymed with "Prozac," "[Kombucha](#)," the first release off of **Cloudy With a Chance of Sun**, is another end-of-a-relationship anthem. Winnetka Bowling League's penchant for cars and freeways continues, but instead of "**On The 5**'s "92 Subaru," the protagonist of "**Kombucha**" is ending a relationship before hitting the road in "my Honda on the 101." Directed by Zach Sekuler, the video takes place in the Elliott Salter Pawn Shop in West Hollywood.

Winnetka Bowling League's debut single "**On The 5**," a love letter to the baked asphalt of a California freeway, perfectly encapsulated the melancholy of a past romance conducted under blistering sunshine. The track, released at the tail end of the summer, was an immediate hit at college radio where it spent three weeks in the top 5, was playlisted on **Sirius XM's** **AltNation**, and has received over 1.5M streams to date. Not bad for the first release from a newly formed band of musical compadres named for their singer's bowling league in the San Fernando Valley.

Following the success of their debut, **Cloudy With A Chance Of Sun** continues Winnetka Bowling League's knack for crafting perfectly calibrated songwriting with a cornucopia of pop culture references.
