Genre-bending London duo **Snakehips** have linked up with fellow London artist **TroyBoi** on new single “**Wavez**”, out today.

A maelstrom of electronic dance, modern hip-hop and slick lyricism, “**Wavez**” is a fresh-sounding cut with broad appeal.

Made up of **James** and **Ollie**, **Snakehips** have previously collaborated with the likes of **Chance The Rapper**, **Anderson Paak**, **MØ**, **Anne-Marie** and **Joey Bada\$\$**. Their catalogue of hits include lush and sultry ‘**On & On**’, dreamy single ‘**Days With You**’, mega-hit ‘**All My Friends**’ (ft. **Tinashe** and **Chance The Rapper**) and 4-track EP ‘**Forever (Pt. II)**’. The platinum-selling hit makers have also played at **Coachella**, **Lollapalooza**, **Bonnaroo** and many more.

While his musical style can be broadly classified as trap, **TroyBoi**’s sound is extraordinarily unique, versatile, and fuses various textures from multiple genres. His sound has evolved from when he began his musical journey to now headlining at some of the world’s largest festival stages such as **HARD**, **Coachella**, **Life Is Beautiful**, **EDC China**, **Electric Zoo**, and **Lollapalooza** in the US and also Paris to just name a few.

A slick, infectious slice of modern hip-hop, “**Wavez**” sees **Snakehips** kick off 2020 with another masterfully produced track.
