About Isaac Dunbar

The 17-year-old budding artist supported girl in red on her North American and European run of show dates last fall and released his highly anticipated EP [balloons don't float here](#) last summer. It garnered the attention of notable tastemakers like [Zane Lowe](#), [The FADER](#), [Ones To Watch](#), and [Hillydilly](#), which stated: "*it's only a matter of time until he gets worldwide recognition.*" Hailing from Cape Cod, Massachusetts, Isaac's EP melds complex sounds and atmospheric, beat-driven production to create melodic and introspective tracks. The unique brand of distorted ballads

combined with lush, multilayered dream-pop harmonies and malleable, heady synth drops creates a genre-bending EP. Isaac is looking forward to releasing his new EP under RCA Records this spring and will hit the road on his first headlining tour later this year.
