To celebrate the video launch, **ALMA** hopped on Instagram Live for a very special watch party with fans where she answered questions and ignited a vibrant back-and-forth dialogue. Meanwhile, the video continues a tradition of bold visuals from her.

In addition, she invited listeners to shoot their own “**Stay At Home**” videos for “**Stay All Night**” on TikTok and Instagram. Fans can relay submissions to her, and she will personally select the winning clips to comprise an official version of the video to be released.

Beyond clocking 1 million-plus streams, “**Stay All Night**” continues to garner critical acclaim from the likes of *PAPERMAG*, *Nylon*, *Billboard*, *Clash*, *Wonderland* and many more. The track sets the stage for the arrival of her anxiously awaited new album, **Have U Seen Her?**, which will be released on May 15 via **Sony Music Germany/RCA Records**. Pre-save the album [HERE](#). The album boasts other fan favorites such as “**Worst Behaviour**” [feat. **Tove Lo**] and “**Bad News Baby**,” which has already amassed over 5.6 million global streams. Check out the full tracklisting below.

Punchy, punk-tinged pop flows effortlessly from the 23-year old’s fingertips. In just 3 years the highlighter-haired polymath has topped global charts with her incredible scream along hooks (who could forget earworm “*I’m chasing high high high highs*”) and irresistible melodies. “**Chasing Highs**” and “**Karma**” in particular reached Platinum status with “**Dye My Hair**” going Gold. She has written for the likes of **Ariana Grande**, **Miley Cyrus**, **Lana Del Ray**, **Charli XCX**, **Tove Lo** to name a few. It just goes to show that she’s no stranger to a hit – and certainly triumphs again with this one.

Everything but the stereotypical pop princess during that time **ALMA** has garnered fans the world over from **Annie Mac** and **Miley Cyrus** to **Elton John** and **Dua Lipa** who she worked with last summer in LA. Live she has toured extensively bringing punk and pop together in a not to be missed show that assaults all the senses. **ALMA** has just finished her month long tour with Tove Lo across the US.

A unique and talented writer **ALMA** is leading the charge on a new wave of female powerhouses that have something to say through their music. Engaged, forward thinking and opinionated she addresses issues from women's rights to body positivity to sexuality to depression, drug use and anxiety head on. Notably, she recently co-wrote two songs on **Miley Cyrus**' EP *She Is Coming*, including the female empowerment anthem “**Mother’s Daughter**” and “**Cattitude**” ft. **RuPaul** as well as *Charles Angel*'s hit theme tune “**Don’t Call Me Angel**” which debuted at number thirteen on the *Billboard* Hot 100 chart becoming **Grande**'s 20th top 20 song, **Cyrus**' 14th and **Del Rey**'s 3rd.

Now on the cusp of releasing her highly anticipated debut album, 2020 is set to be an exciting year for the Finnish powerhouse.
