Miley's seventh studio album features collaborations with Billy Idol, Joan Jett and Dua Lipa.

Miley has already released two singles from the album - "Prisoner" ft. Dua Lipa, which was accompanied by a shamelessly campy rock video featuring the dynamic duo, and directed by Alana Oherlihy and Miley, plus Miley's summer hit, "Midnight Sky."

Iconic Rock & Roll photographer Mick Rock shot Miley's cover art, which embodies the music and exemplifies Miley's sound, adding her to the list of legends Mick has photographed over the years including David Bowie, Lou Reed, Iggy Pop, Joan Jett, and Debbie Harry.
