[New York, NY -- December 18, 2020] Today, 15-time GRAMMY-winning artist and worldwide-celebrated music icon **Alicia Keys** launches the deluxe version of her #1 Billboard charting seventh studio album **ALICIA** (via **RCA Records**), first released earlier this year. The album, which includes original collaborations with **Jill Scott, Khalid, Miguel, Snoh Aalegra, Tierra Whack,** and **Sampha**, will continue to grow with new tracks added, allowing Keys to create new stops for fans along the journey of her most personal music project to date. Today, fans are treated to the addition of **"A Beautiful Noise"** a duet with **Brandi Carlile**, originally performed during the CBS Every Vote Counts get-out-the-vote special, and the **COLORS Studio** version of **"Three Hour Drive"** featuring **SiR**. The deluxe version of ALICIA also includes a vibey new remix of fan favorite "Wasted Energy" featuring **Kaash Paige** and an extended verse from **Diamond Platnumz**. See full tracklist below. ALICIA the deluxe version is now available to stream and download worldwide [HERE](#).

ALICIA was met with critical praise upon its original release in September, with *Variety* calling it her best studio album yet, "pushing the limits of her voice and imagination," and has received BET, MTV VMAs, and Soul Train Awards nominations. The album has spawned an eclectic group of hit singles, showing the many sides of Keys as a person and an artist. They include the smash #1-charting **"Underdog,"** the soulful Khalid duet **"So Done,"** a top 10 currently on the rise at Urban AC radio in the US, and **"Show Me Love,"** featuring Miguel. The latter earned Keys a record-extending 11th number 1 on the Billboard Adult R&B Songs airplay chart. Additionally, album track **"Time Machine,"** a four-on-the-floor future funk-inspired odyssey, was included in The New York Times' "Best Songs of 2020."

The album is a counterpart to Keys' New York Times Best-selling book **More Myself: A Journey**, which was released in March as the first title on Oprah's new imprint with Flatiron Books. For more information on the book, please visit [HERE](#).
