

**SAM DEW RELEASES “GONE” feat. KIRBY, ALONG WITH MUSIC VIDEO  
STARRING TONY TODD – WATCH NOW  
DEBUT ALBUM *MOONLIT FOOLS* COMING 2021**

(Dec 16, 2020 – Los Angeles, CA) Critically acclaimed singer songwriter Sam Dew today unveils another new song “GONE” feat. KIRBY, along with a music video starring Tony Todd. Watch [HERE](#). The music video for “GONE” was directed by Young Replicant and continues the storyline laid out initially in the music video for Dew’s track “NTWFL” which was released last month. The video is the 2<sup>nd</sup> video in a trilogy created by Dew and Young Replicant that will be completed early next year. This video trilogy explores the themes Dew lays out his forthcoming debut album *MOONLIT FOOLS*. The stunningly cinematic vignettes pose many questions we ask ourselves: What’s holding us back? What are we afraid of? Is love worth the loss? And how does the age of technology affect all of this? Games are played, cards are dealt, and more likely than not, you’re already too late and just looking at a pretty picture of what could be rather than what is or was.

The release of “GONE” follows the much celebrated release of "NTWFL," Dew's spellbinding take on the R&B classic "Now That We Found Love" that was previously performed by such greats as The O’Jays, Third World and Heavy D. “NTWFL” was deemed Best New Music This Week by Complex who called it “hypnotic” and praised Dew’s “seductive singing” and was included in Billboard’s 10 New Cool New Pop Songs To Get You Through The Week. Sam Dew’s debut album *MOONLIT FOOLS* is the latest and most fascinating chapter yet in the singer/songwriter's impressive career

thus far, a left-of-center R&B album that digs into the genre's sonic roots while subtly flipping convention on its head.

*MOONLIT FOOLS* as a whole finds Dew zeroing in on embracing what's in front of him. "We romanticize things," he states while discussing *MOONLIT FOOLS*' mission statement. "We already know why we act the way we act—we just want to feel seen." Helping craft this atmosphere: regular collaborators like Jack Antonoff (St. Vincent, Lana Del Rey), DJ Dahi (Drake, Vince Staples), and Sounwave (Kendrick Lamar, Taylor Swift), amongst others.
