Sparked by lively conversations between Jazmine and her sisterfriends, *Heaux Tales* is a conceptual project with songs about lust, insecurities, betrayal, regret, empowerment and the desire for love and security (even if just superficial), all delivered with the intimacy, honesty and gospel-drenched, spine-tingling vocals we've come to expect from the Philadelphia native.

Heaux Tales includes guest appearances by **H.E.R.**, **Anderson .Paak** and **Ari Lennox**, as Jazmine channels different characters throughout the seven songs, threaded together with several real-life tales narrated by her friends. The project features production by **Key Wane**, **DZL**, **Cardiak & Wu10**, **J Mo**, **Dev Hynes**, **Dave "Pop" Watson**, **Dilemma**, **JoeLogic & Gee** and **Bongo ByTheWay**.

Previously released songs from the project, **"Lost One"** and **"Pick Up Your Feelings,"** heightened the anticipation for today's release and earned coveted spots on multiple "Best of 2020" lists including NPR, Los Angeles Times, Pitchfork, Noisey, and more.

Jazmine will bring *Heaux Tales* to life with performances on *NPR's Tiny Desk (Home) Concert* (click [here](#) at 12pm ET today to be amazed) and *The Tonight Show Starring Jimmy Fallon* on **January 12**.
