HYPEBEAST

"'Better' will go a long way in solidifying Deante Hitchcock as one of the game's crucial emerging players."

"He smoothly runs the gamut of rap mainstays — the club banger ('Gimmie Yo Money' with Yung Baby Tate), the relationship drama song ('How TF' with 6lack), the triumphant celebration of his move from ash to classy ('I Got Money Now') — but he does so with a poise and panache few rappers can carry off for a full project."
