Australian artist and 8 x ARIA award winner, **Amy Shark** has released her brand-new single, *'Love Songs Ain't For Us'* featuring **Keith Urban**, the latest offering from her upcoming sophomore album *CRY FOREVER*, available April 30 via Wonderlick Recording Company/Sony Music Entertainment Australia/RCA Records. LISTEN [HERE](#).

Co-written with UK singer-songwriter **Ed Sheeran**, *'Love Songs Ain't For Us'* is a defining moment for the Gold Coast native and sees a softer side to **Shark's** often confronting and melancholy songwriting. **Amy's** distinct vocals are on display from the first note with an understated production that will have you immersed in this dreamy love song immediately.

When asked about writing with **Ed Sheeran**, **Amy** comments: *"Ed asked me if I wrote songs about my man, I told him I do, but love songs aren't really for us. He then smiled and said, "ok that's what we'll do then". This song is as loved up as you'll get from me and I love it."*

Joining **Amy** on *'Love Songs Ain't For Us'* is Grammy-award winner **Keith Urban**, who announced the first shows of his **THE SPEED OF NOW TOUR**, to hit Australia with 11 shows *this December*.

Amy explains how working with **Keith** came about. *"The song is so classy and timeless I needed to find a class act to join me. Keith is so professional and well respected around the world, so it was a no brainer."*

Earlier this month, **Amy** launched, **FOREVER, AMY SHARK** a six-part docu-series following **Amy's** journey from the beginning of the album process to its completion, pulling back the curtain on the highs, lows, and in-between's as **Amy's** sophomore album, **CRY FOREVER**, comes to life. After bursting on to the global music scene in 2016, **Amy Shark's** 5 x Platinum single *'Adore'* put her on the map as one of Australia's most formidable emerging songwriters. This was followed by 4 x Platinum and number one Australian Airplay Chart hit, *'I Said Hi'* and the 2019 2 x platinum single *'Mess Her Up'*. **Shark's** debut/breakthrough #1 ARIA album and Platinum-certified **LOVE MONSTER** was recognised in 2018 with four ARIA awards (Album of the Year, Best Female Artist, Best Pop Release, Best Producer [**Dann Hume**]) and was nominated for another five. **LOVE MONSTER** went on to become the highest selling album by an Australian artist for 2018. Not one to slow down, even in a global pandemic, 2020 saw **Amy** release her ARIA award winning, platinum accredited single, *'Everybody Rise'*, which is nearing 25 million streams globally and spent 12 weeks in the top 10 Australian airplay chart.
