About GASHI

Born in Libya, GASHI spent much of his young life as a refugee, moving from country to country. His family eventually settled in Brooklyn, NY, where he was introduced to music at a very young age. GASHI absorbed a melting pot of musical influences throughout his youth, resulting in the formation of his own unique sonic palette that blends together different genres of music. His dynamic sound has allowed GASHI to collaborate with a wide range of talents ranging from Chris Brown to Travis Scott. In the last couple of years, he released two studio albums, sold out venues across the globe, and has accumulated over 720 million streams with over 130 million video views worldwide.

Last summer, GASHI released his sophomore album *1984* which saw GASHI exploring and harboring new sounds that brought you back to his favorite time – the 80’s and featured his breakout hit “Mama” with the legendary Sting. He also released his documentary *GASHI: Now You Know* (watch [here](#)) and performed his first ever livestream performance featuring tracks from the *1984* album (watch the performance [here](#)).
