On “Love Runs Out” Garrix once again explores a new sound. The single is a combination of hip-hop and fresh pop production with a melodic hook and emotional lyrics that are instantly captivating. G-Eazy’s signature swagger and Sloan’s mysterious and sultry vocals perfectly blend with Garrix’s hit making production.

Martin Garrix offers :“I’ve known Gerald since forever, so it was about time for us to release a song together. Sasha has an amazing voice, and she really completed the track. It’s a different sound for me, so I hope you guys like it!”

“Love Runs Out” addresses the feeling of being afraid of that point in a relationship when your love will fade out, with G-Eazy and Sloan questioning whether there would still be something left to mend when they fall out of love.

What if our love runs out

What if our love runs out
What if one day we wake up and don't feel like we do now
What if our love runs out
What if our love runs out
What if one day we wake up and we both want something else
What if our love runs out

About Martin Garrix

Martin Garrix - the name that belongs to one of the youngest and most successful DJ's/producers championing the pop and electronic scene. Garrix has taken his expertise across the globe, by headlining festivals, breaking through territories, and collaborating with major stars including Dua Lipa, Khalid and Bono, and The Edge. Climbing yet another rung of his ladder to stardom, the hitmaker is now a founder of his very own label (STMPD RCRDS), an owner of a studio complex in Amsterdam, and a mentor to upcoming artists.

Now in his mid-twenties, seven years into a career that began with the Dutchman bursting through the EDM stratosphere by debuting the single 'Animals' back in 2013. The invigorating, dance-floor stomper soared to the top of the charts worldwide, ultimately altering the status of what would be considered popular music. Continuing his voyage to conquer the mainstream catchment area over the years, Garrix has become responsible for providing us with infectious and anthemic dance and pop records through the 2010s alongside a string of memorable collaborations from (2016) 'In The Name Of Love' featuring Bebe Rexha, (2017) 'Scared To Be Lonely' featuring Dua Lipa, 'There For You' featuring Troye Sivan, (2018) 'Ocean' featuring Khalid and last but certainly not least (2019) 'Summer Days' with Macklemore and Patrick Stump of Fall Out Boy.

Starting strong in 2021 with a billion Spotify streams accolade for 'In The Name Of Love' with Bebe Rexha and his collaboration with Tove Lo on 'Pressure', Garrix is spearheading into a big year. With the official UEFA 2020 song 'We Are The People' with Bono and The Edge finally releasing this year, and his side project AREA21 rolling out with impressive new music accompanied by animated videos, fans will hardly be able to take it all in.

About Sasha Alex Sloan

After emerging late 2017 and appearing on a handful of high-profile collaborations, 26-year-old singer/songwriter Sasha Alex Sloan released her debut single “Ready Yet.” Since then, she has established herself as a true wordsmith, an artist’s artist, who crafts potent melodies filled with poignant lyrics. As a songwriter, Sasha has amassed over 3.6 billion streams by penning hits for some of today’s biggest artists. In 2018 Sasha released her first two EPs, *Sad Girl* and *Loser*. Her track “Normal” was heralded by Billboard as a “catchy introvert anthem.” These emotionally rich, left-of-center pop releases lead to her late-night debut on The Late Show with Stephen Colbert in 2019 with a performance of “Older.” That year, Sasha completed her first North American and European headline tours (sold out) and released her 3rd and final EP *Self Portrait*, which had her single “Dancing With Your Ghost” as Idolator’s 6th “75 Best Pop Songs Of 2019.” She also scored a #1 on the Dance Chart for “I’ll Wait,” her collaboration with Kygo. Sloan’s critically acclaimed debut album *Only Child* was released in late 2020. Sasha recently released her first taste of new music in 2021 with “when was it over?” feat. Sam Hunt.
