[September 23, 2021 – New York, NY] Today, Grammy-nominated rapper Young Nudy shares a new video for "Child's Play" featuring 21 Savage. The visual for "Child's Play", produced by

JMP, is a homage to horror films, seeing Nudy and 21 Savage set in a foggy junkyard complete with a babydoll shredder and *Halloween* masks under the full moonlight. This video arrives on the heels of a massive year for Nudy, who has released two full-length LPs, *DR. EV4L* and *RICH SHOOTER*, both out now via PDE Records/RCA Records.

This video also comes after the singles "[Green Bean](#)," "[2Face](#)" featuring G Herbo and "[DR. EV4L](#)" along with the sold-out North American *DR. EV4L* vs. *RICH SHOOTER* tour, which saw Nudy play a string of shows across the month of August, with one last show to complete the tour in New York City on September 29th at Irving Plaza.

Watch "Child's Play (feat. 21 Savage)" and listen to *DR. EV4L* and *RICH SHOOTER* above and stay tuned for more from Young Nudy soon.
