On the **HARV**-produced track, bass pulsates like a heartbeat between soft keys as her voice echoes with raw feeling. the chorus, *“Is it fair that you moved on, ‘cause I swear that I haven’t.”* **“Fair”** was co-written by **Normani, Abby Keen, Bernard “HARV” Harvey** and **Felisha King Harvey**.

Speaking about the new song, **Normani** reveals, *“This song really captures me in one of my most vulnerable moments. Sharing this record makes me uncomfortable because you have never really seen me in this light. Definitely aware that you might feel like you don’t know much about me but that’s only because it’s what makes me feel protected. I am really forcing myself to let go here. This is huge for me and hopefully this piece of art resonates. Love is beautiful yet so soooo terrifying. I adore you guys to the moon and back.”*
