

Beat the heat with the below video game and movie recommendations!

If you missed actor Alfre Woodard's latest film, [Clemency](#), the Sundance Grand Jury Prize-winning drama is now available to stream on Hulu & **for free on other digital platforms** until July 31. Award-winning composer Kathryn Bostic crafted the emotional score.

Challenge yourself to the new indie game from Ukuza & Konami, [Skelattack](#) (now available on Steam, Nintendo Switch, Xbox One, and PS4). The game features a wonderfully spooky score composed by Jamal Green.

Take a trip to Japan eighteen years in the future with Gavin Rothery's directorial debut [Archive](#). The indie sci-fi film stars Theo James as a brilliant but troubled roboticist and features a beautiful electronic score composed by Steven Price.

RECENT RELEASES:

The second video game installment of the fan-favorite action-adventure, **The Last of Us Part II**, features a companion soundtrack with music by **Gustavo Santaolalla** and with additional music by Mac Quayle. Gustavo Santaolalla, who also composed the soundtrack for "The Last Of Us" in 2013, commented: "Once again, I could only conceive the emotion that drove me to compose this music thanks to the amazing, multilayered story that is The Last of Us."
