

## TRAILER - THE JUST ENOUGH FAMILY

**LIZ** [00:00:00] Everything that was presented to me, I just swallowed completely whole. We are one of the richest families in the world that could never change we're Steinberg's like we are Steinberg's. We're made of money.

**Gayfryd** [00:00:17] The family was drawn together by the money.

**Bob** [00:00:22] I was so aware of the fact that this could come to a screeching halt. You think I would have stopped.

**Kathy** [00:00:28] This is years and years of the buildup and then all of a sudden the volcano erupted.

**Ari** [00:00:36] My friend Liz has had a life like an opera. She grew up surrounded by over-the-top feuds, spectacular success, astounding loss, and an unforgettable cast of characters.

**LIZ** [00:00:50] I felt like the whole world had their eyes trained on my family. And some of that was true. Some of it wasn't true.

**Ari** [00:00:55] But like like you thought you were the Jewish Kennedys.

**LIZ** [00:00:58] Oh, yeah. Oh, yeah. I mean, look at us like we're flying on private planes. We're staying in suites at the Ritz in Paris. And everywhere we go, people are kind of whispering about us.

**Ari** [00:01:07] But everything wasn't as shiny as it looked from the outside.

**Kathy** [00:01:13] I say, call me bad mother. I don't remember it being a war.

**Bob** [00:01:18] It's so painful that I did that to her I can't tell you.

**Jane** [00:01:22] She worshiped him, but I was sitting there like, do something.

**Lynda** [00:01:26] We were dead to them, we were dead.

**Ari** [00:01:31] Where's the line between success and excess, what matters more family or money and how much is enough?

**LIZ** [00:01:41] When I was a child, I always felt like things felt strange and a little out of control. So because I wanted to be a writer, I was always writing this little story. And in a story, my name was Lisa and Lisa lived with a just enough family and the just enough family always had just enough. They weren't hurting. They could always get the next meal, but they had just enough because we had way too much.

**Ari** [00:02:10] I'm Ariel Levy and this is the just enough family coming soon.
